Good morning everyone,
My name is Azraf Taohid Akib and my roll number is 44. Today we will explore the remarkable journey of Dr. Abdul Kalam, an engineer who became a great leader. My group mate,

1. Talha will talk about his early life and education.
2. Ratul will cover his engineering expertise.
3. Nafis will highlight his nationwide contributions.
4. Ayan will elaborate on the leadership qualities that set him apart.
5. Last but not least, Mim will discuss the leadership lessons we can learn from him.

So, without further ado, let's dive into it by starting with Talha. Thank you.

Thank you, everyone, for your attention. As we've dived into the life of Dr. Abdul Kalam, it is evident that his life story is a testament to the power of perseverance, vision, and integrity. So, let us carry forward his legacy in our own lives and careers.

Thank you once again for being part of this presentation. If you have any questions, please do not hesitate.
